**Creating a More Effective Search**

- Combine search terms with *and* (which narrows the search).
- Use *or* (which expands the search)
- Try *not* (to eliminate search criteria).
- Databases and/or search engines do not use exactly the same subjects or search terms.
- Keep track of all suggested search terms.

Pay attention to “See Also” or spelling differences.

**Citing Print Sources in Atrium**

Use the citation tool by checking the green check box next to your item, then “VIEW” the “TEMPORARY BOOK BAG” at the top of the screen for your citation.
